Past Event Report

About Past Event:

“With tremendous support from our collaborators and organizing committee, we successfully concluded the ‘3rd International Conference on Arthroplasty and Orthopedic Surgery’ (Arthroplasty 2023) in Dubai, UAE, from November 23 to 24, 2023, focusing on the theme ‘SIMPLIFYING COMPLEXITIES: Shaping the Future of Orthopedic Surgery.’ The event was a resounding success, with speakers from various reputable companies and universities making notable contributions. The conference featured diverse sessions covering major scientific tracks such as hip and knee arthroplasty, orthopedic surgery, osteoporosis, bone health, sports medicine, orthopedics and trauma, foot care, hand care, podiatry, and more.

We express our gratitude to all speakers, poster presenters, and delegates for generously sharing their research with our peer network. Special thanks to our media partners for their constant support. We are pleased to have strong relationships with attendees and associations, and we look forward to even greater support at our upcoming events. We trust that you found the conference sessions beneficial, providing an excellent opportunity to explore technical and clinical information in the field of orthopedics, as well as the latest innovative research.

Save your dates for the most-awaited event of 2024.

GRAND MERCURE BANGKOK ATRIUM

1880 New Petchburi Road, Bangkok Huay Kwang, Bangkok, 10310 Thailand

Bangkok, officially recognized as Krung Thep Maha Nakhon, serves as the capital and largest city of Thailand. Renowned for its cultural richness, modern conveniences, and lively atmosphere, it stands as a vibrant metropolis attracting millions of visitors worldwide. Bangkok, often referred to as the “City of Angels,” is a major economic and cultural hub in Southeast Asia. It’s renowned for its stunning temples, bustling street markets, and vibrant nightlife. The city boasts numerous attractions, including the Grand Palace, Wat Arun, and Wat Pho. Modern landmarks like the bustling markets of Chatuchak and the iconic Skyline add to its appeal. Bangkok is a popular tourist destination, welcoming millions of visitors each year. The Tourism Authority of Thailand promotes the city's diverse offerings, from traditional Thai culture to contemporary experiences. The best time to visit Bangkok is during the cool and dry season from November to February, avoiding the monsoon rains.

Speaker Presentations

4th International Conference on Arthroplasty and Orthopedic Surgery
NOVEMBER 21-22, 2024 | BANGKOK, THAILAND

Title: The treatment with hemiarthroplasty by direct anterior approach in COVID-19 patients

Giacomo Trivellin, Pederzoli Hospital, Italy

Title: Possibilities of joint preserving surgery in patients with the developing dysplastic coxarthrosis

Mikhail Teplenky, National Ilizarov Medical Research Center for traumatology and orthopaedics, Russian Federation

Title: Tumors that cause bone metastases

Stefany Ruiz, University of the State of Mexico, Mexico

Title: Patient-report outcome measures for ankle-related functionality

Tarcísio Santos Moreira, Universidade Federal de Minas Gerais, Brazil

Title: Femoral trochleoplasty for recurrent patellar dislocation: Treating the underlying trochlear dysplasia

Luís Fernando Jordao Santos, Brazilian Air Force, Brazil

Title: Periosteal rotation flap technique in management of tibialis anterior muscle hernia: A case series

Ahmed Farahat, Cairo University, Egypt

Title: Craniofacial bone grafting

Muzaffer Celik, Turkey

Title: Effect of a rehabilitation protocol on the functionality and quality of life in patients with total knee replacement. a cross sectional study

David Alejandro Escobar-Vidal, Institución Universitaria Escuela Nacional del Deporte, Colombia

Title: Intra-articular versus intravenous tranexamic acid in primary total knee replacement

Ahmed Furqan, Shifa International Hospital, Pakistan

Speaker Presentations

Title: Massive osteocondral cadaveric graft in lateral femoral condyl

Cristian Pintado, Pontifical Catholic University of Ecuador, Ecuador

Title: Predictors of musculoskeletal manifestations in paediatric patients presenting with sickle cell disease at a tertiary teaching hospital in Lusaka, Zambia

Raymond Mpanjilwa Musowoya, Zambia

Title: Use of platelet-rich plasma in knee osteoarthritis

Ricardo Andrés Linares Mora, Colombia

Title: Incidence of injuries in motorcyclists practitioners from trails

Davi Leal Sousa, Federal University of Piauí, Brazil

Title: Unidentified recurrent acute compartment syndrome of the right upper limb

Nawal Rafiq, Rehman Medical Institute, Pakistan

Title: The rise of AI and the implications in orthopedics

Prannoy Paul, MOSC Medical College Hospital, India

Title: Mechanical proprieties of human fresh cortical bone

Saida Benmida, El Manar University, Tunisia

Title: Acute osteomyelitis of the pubis: a case report

Javier Jara, University of La Frontera, Chile

Title: Clinical rationale and rehabilitation guidelines for post biologic therapy

Eric S. Honbo, USA

Title: Qin Sihe surgical treatment combined with Ilizarov technique in the correction of 6 cases of complex knee-lower leg deformity

Qin Sihe, National Research Center for Rehabilitation Technical Aids, China

Speaker Presentations

Title: Safety and efficacy of injecting mesenchymal stem cells into a human knee joint to treat osteoarthritis: A systematic review

Shoukrie I Shoukrie, El Khadra Hospital, Libya

Title: Lateral knee osteoarthritis

Alejandro Alvarez López, Manuel Ascunce Domenech University Hospital, Cuba

Title: Determination of normal reference values for meniscal extrusion using ultrasonography during the different range of motion

Maryam Salimi, Shiraz University of Medical Sciences, Iran

Title: Bilateral Total Hip Arthroplasty

Royler Humberto Cervantes-Delgado, Universidad de Ciencias Médicas de Camagüey, Cuba

Title: Neglected Traumatic Hip Dislocation Treated with Total hip arthroplasty

Irfan Rajput, India

Title: Anemia severity and the risks of postoperative complications and extended length of stay following primary total elbow arthroplasty

Adam M. Gordon, Maimonides Medical Center, United States of America

Title: Total shoulder reverse arthroplasty in alkaptonuria: An effective option to treat a complication of a rare disease

Carolina Tiago Afonso, ULSNE Hospital, Portugal

Title: Surgical treatment in unstable fractures of the pelvis and acetabulum in children under 3 years

Cesar Gonzalez, Universidad Autonoma de Chiapas, Mexico

Title: Hydraulic joint function and osteoarthritis

Michael Beverly, University of Oxford, United Kingdom

Title: TBA

Alfania Maria de Carvalho, State University of Ceara, Brazil

Speaker Presentations

Title: Tuberculosis of the left calcaneum and collapsed right femoral head: A case report

Joël Bizimanasharale Bikoroti, Kigali University Teaching Hospital, Rwanda

Title: Determinants of functional outcome in pediatric floating knee

Deeptiman James, SBIMS, India

Title: Functional & radiological outcome of valgus inter-trochanteric osteotomy & fixation with conventional DHS versus double angled DHS for old un-united and neglected femoral neck fractures in physiologically young adults

Nihar Ranjan Mishra, IMS & SUM Hospital, India

Title: How to avoid knee tunnel convergence when performing a combined anterior cruciate ligament reconstruction and lateral extraarticular tenodesis utilizing the antero medial window

Wesson Pious A. Espiritu, Jose R. Reyes Memorial Medical Center, Philippines

Title: TBA

Ayush sharma, India

Title: Utilization trends of total ankle arthroplasty and ankle fusion for tibiotalar osteoarthritis: A nationwide analysis of the United States population

Adam M. Gordon, Maimonides Medical Center, United States of America
